

# Davenport School Board Report

*April 2019*

## **Spring is in the Air!**

The weather may not be too warm yet, but spring is definitely in the air at Davenport Elementary School! Teachers, staff, and students are cruising through the curriculum and optimum learning is taking place. We are gearing up for the end of the year assessment in math, English Language Arts, and Science. So much learning has taken place this year, and that can be seen while visiting classrooms, seeing work samples in the hallway, or speaking to any of our 259 Preschool - Grade 5 students! Our Gorilla Family is amazing, and I'm thankful to be a part of it!

### **Earth Day: Community Clean Up!**

Our students took part in the Davenport Community Clean Up on Friday April 19, 2019. They went out in the afternoon

### **Fire House!**

Thanks to the Davenport Fire Department for providing such an amazing day of learning to our Preschool - grade 4 students. They learned about creating a fire safety plan, and got to go through the Fire House and climb on the firetrucks! It was awesome!

### **A.L.I.C.E. Training**

Staff is continuing A.L.I.C.E. training and almost every door is now equipped with a new locking device to help keep everyone safe. Mr. Kowalkowski trained the K-12 staff on how to use the device and went over some countering scenarios during PLC time on Monday 4/22. Thanks to the Sheriff's Department and Deputy Cuzzetto for your partnership and help with the training!

**Staff Appreciation Week April 29 - May 3, 2019**

**PACE Character Trait of the Month: Trustworthiness! All students created hallway writing out of umbrellas and raindrops.**
