

DRAFT DSD Goals: 2022/2023

Previous DSD Goals:

#1 Student Achievement:

Goal & Rationale: Increasing student achievement is the number one priority in the Davenport School District

#2 Communication:

Goal & Rationale: The DSD will improve communication between the District, the community, parents and students using a variety of methods so all stakeholders will receive information via a reliable form they have access to.

3 Curriculum:

Goal & Rationale: It is our belief, our educational curriculum should challenge each student to fully develop his/her intellectual, physical, career, technical and artistic abilities. We are committed to providing current and relevant curriculum and updating it on a routine basis.

#4 Educational Opportunities:

Goal & Rationale: In order to provide educational opportunities for all students, the District will continue to research and expand programs in order to offer a diverse selection of courses for our student population as they prepare for our ever-changing world. All students should have the opportunity to achieve educational success at their highest individual potential.

#5 Facilities:

Goal & Rationale: The Davenport School District will continue short-term & long-term planning to ensure our facilities provide adequate space & student/staff safety, and are maintained in a manner that ensures longevity for student & community use.

#6 Fiscal:

Goal & Rationale: The Davenport School District will maintain a healthy and responsible financial status.

#7 Personnel:

Goal & Rationale: The Davenport School District is committed to promoting a Professional Learning Community and providing the tools necessary to accomplish this.

#8 Board Procedure:

Goal & Rationale: The Davenport School board of Directors will continue to work closely with the Superintendent and as a cohesive unit to stay informed and make responsible decisions as we set the vision and direction for our district. Clear goals and high expectations increase student achievement.

#9 Technology:

Goal & Rationale: As our district moves into the future, we will utilize technology in order to increase student achievement, staff efficiency, and district communication. Updating technology, curriculum and teaching methods is critical for preparing our students for the future.
