Davenport SD Families:

The CDC recommends that schools explore the possibility of alternative learning experiences/online learning in the event of an extended school closure. Although, it is highly unlikely that we close, we are at the very least doing our due diligence in the event circumstances in our area change. We are providing a technology survey which is asking questions to help us with our ongoing planning.

In addition, we are implementing a trial 1:1 Chromebook model in grades 6-12 to help limit the spreading of germs, and provide for potential at home learning. If needed in the future, we may pilot a K-5 model of sending home one Chromebook per family.

Attached is a family technology survey, technology agreement, and optional opt out form we are asking all families in our district to complete and sign.

**Please return the following by Thursday, March 12th to your homeroom or 1<sup>st</sup> period teacher:**

- **ONE Technology Survey PER FAMILY**
- **ONE Chromebook User Agreement PER STUDENT**

*\*If you choose to opt your student out of being able to take a Chromebook home, please also send in the Chromebook Take Home Opt Out form.*

Sincerely,

Davenport SD

## DSD Technology User Agreement and Fee Schedule 2019-2020

The educational program at DSD includes a Chromebook that will be issued to your student for their use at school and home.

Like textbooks, team uniforms, and other school property issued to your student, there is a responsibility to take appropriate care of these valuable resources. The Chromebooks are no different, but they do represent an increased cost to the district and liability to students and parents. We know that loss and accidents will happen. District policies, regulations and practices require that a fee be levied to cover the repair or replacement cost of district property.

| <b>Repair/Replacement Fees</b> | <b>First Claim</b> | <b>Second Claim</b>  | <b>All Other</b>     |
|--------------------------------|--------------------|----------------------|----------------------|
| DAMAGE                         | None               | Full Cost to Replace | Full Cost to Replace |
| Theft (with police Report)     | None               | Full Cost to Replace | Full Cost to Replace |
| Lost                           | \$50 deductible    | Full Cost to Replace | Full Cost to Replace |

### **Full Replacement Cost Schedule**

Chromebook: \$150

Broken Screen: \$50

Missing Keys/Broken Keyboard: \$75

Lost/Stolen/Broken Power Adapter: \$40

Because we cannot repair the power adapter, students must always cover the cost of damage to, or loss of the power supply/cord.

**THEFT:** If Chromebook is stolen, DSD will require that a police report be submitted. Fraudulent reporting of theft will be turned over to the police for investigation. A student making a false report will also be subject to disciplinary action.

**LOSS:** If the Chromebook is lost, the district will cover the cost for the loss minus a \$50 deductible. If subsequent loss occurs, the student will be issued a replacement only after a full payment is received. In the event that the technology is recovered in working condition, the replacement cost previously paid by the student/parent will be refunded. Any Chromebook lost or stolen will be remotely disabled and all functionality removed until the Chromebook is returned.
